Quality isn't expensive – it's priceless...

We are the flooring people who care

We believe in looking after our customers. From ordering to fitting, we always give you outstanding service so that you are 100% delighted with the result. We supply, install, fit and clean carpets, carpet tiles, vinyl, vinyl tiling and wooden flooring (solid, engineered & laminated wood) for both domestic & commercial use.

Our team

We pride ourselves on being a team who you can trust. At M&D Flooring each client receives the best quality, hassle-free service. You can rely on us to keep our promises: we turn up when we say we will, we take care of the ordering and preparation and there are no surprises in the final bill.

We have over 30 years' experience of transforming homes and offices in the area, including many of the esteemed Cambridge colleges. We invest in the training of our team to make sure you love working with us. The M&D team is also DBS checked, health and safety trained and fully insured.

We also provide commercial flooring

We have experience in fitting a variety of types of commercial flooring in different environments and cover many areas. If you want to discuss our commercial and industrial floorings, give us a call.

You'll love every moment of an M&D flooring experience

From the entrance hall to the smallest room - we do it all. We make it as effortless for you as possible.

Our 'Home Select' service means we come straight to your door to help you choose the most appropriate flooring in the comfort of your own home. We'll explain the pros and cons of each type of flooring and we are happy to leave samples behind so you can live with them for a while before you make a final decision. Or, come to our showroom and have a browse around with a cup of tea or coffee.

Our fitting teams are highly trained so that, whatever your budget, the final result transforms your room. We have a policy of leaving your home as we find it – which means we will:

- Remove your existing flooring
- Help you move heavy or awkward furniture before fitting
- Clean up after fitting
- Trim doors if necessary
- Help replace the furniture

After we are gone, you'll be able to enjoy your new floor at once – without all the hassle and chaos of putting your room back together.

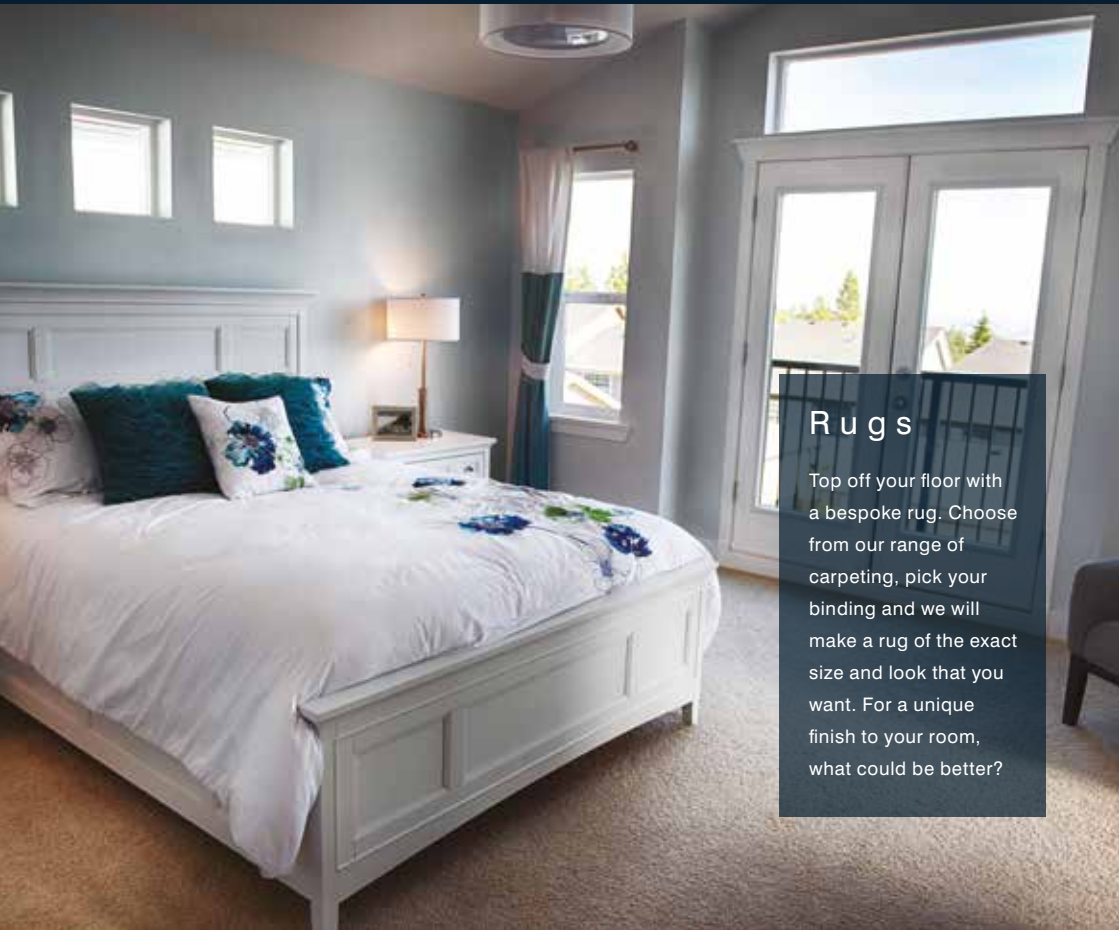

Carpets

Nothing beats the feel of a great carpet underfoot!

With so many carpets, you've got lots of choice - colours, patterns, textures - so you'll certainly find something you'll love.

Whether you prefer wool for its quality and warmth or want the durability and easy cleaning of a man-made fibre, we have a wonderful range of carpets and tiles to choose from. You'll be able to decide at home, to be sure the carpet matches the room, and we've got a range of underlays to suit the room and your budget.

And, if you want to make a real feature of your carpet, we can help you create a statement with stair-runners, thresholds and edging. Our expertise will match your imagination.

Rugs

Top off your floor with a bespoke rug. Choose from our range of carpeting, pick your binding and we will make a rug of the exact size and look that you want. For a unique finish to your room, what could be better?

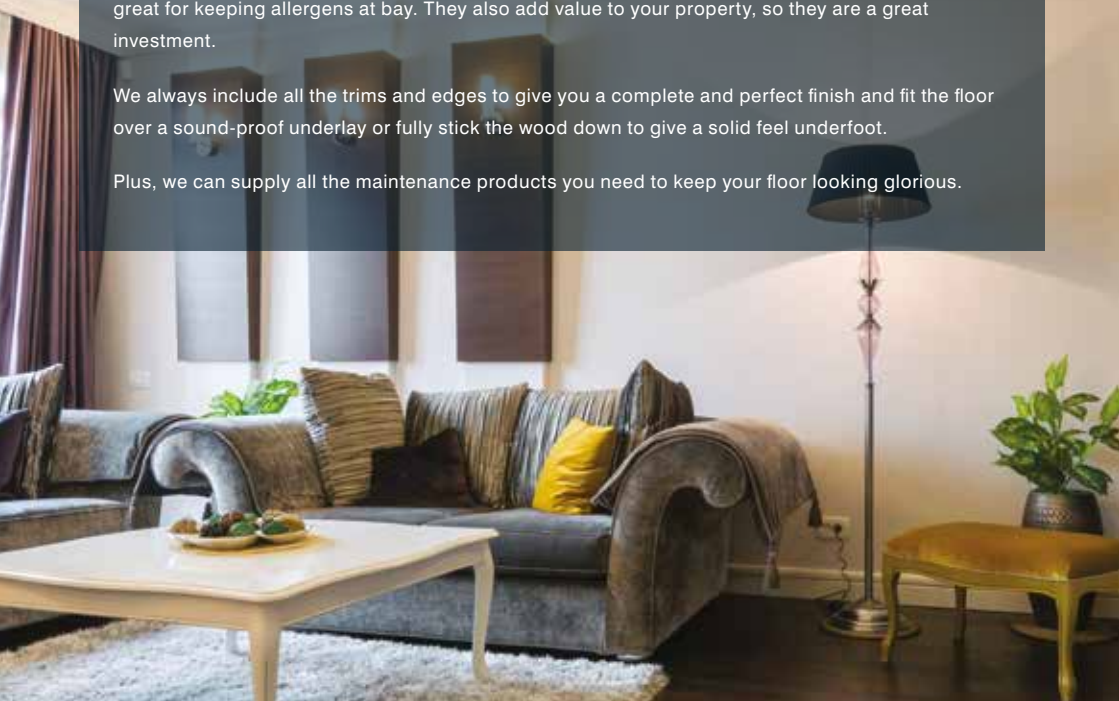

Wood

Wooden flooring is all about style - both the ancient and modern!

Wood is durable and beautiful and makes a real statement in your home. We have a wide choice of woods and finishes in both solid wood and engineered floors. As well as looking fabulous, wooden floors are easy to keep clean. Because they don't trap dust and fibre they are particularly great for keeping allergens at bay. They also add value to your property, so they are a great investment.

We always include all the trims and edges to give you a complete and perfect finish and fit the floor over a sound-proof underlay or fully stick the wood down to give a solid feel underfoot.

Plus, we can supply all the maintenance products you need to keep your floor looking glorious.

Repairs and restoration

If you have an existing wooden floor that has seen better days or has been hidden under a carpet for years, we will bring it back to life.

We are able to sand back the wood to reveal its true beauty, repair wood-block where it has lifted or pieces are missing and use one of our clear or tinted varnishes to give it an 'as new' finish.

Vinyl

Whatever your budget - the possibilities are endless!

For kitchens, bathrooms and lobby areas, vinyl makes a great choice.

It is the most versatile of floorings, with patterns which simulate wood, stone, slate, granite and marble as well as more contemporary designs. Or you can choose vinyl tiles to create something truly unique for your home.

Laminate

If you want the look of wood but don't have the budget, then let us show you our range of laminate floors.

We have a wide range of prices and styles – full plank, two and three strip effect or ceramic tile effect.

It's practical, durable and easy to fit.

Floor & upholstery cleaning

If you want to renovate rather than replace we also provide carpet and upholstery cleaning.

Equipped with industry-leading machinery and a highly trained team, we provide you nothing less than the best for your floorings, upholstery and carpets.

We use market leading products and machinery for these cleaning services and more:

- Tile and floor restoration service
- Carpet, upholstery and vinyl floor cleaning
- Ceramic, porcelain and natural tile cleaning
- Natural stone polishing and refurbishment
- Wood floor sanding
- Patio and driveway restoration

We always do a pre-clean check to make sure you'll get a great result and let you know if there are stains or marks that can't be removed.

With M&D Floor Cleaning, you'll see your carpets and upholstery come back to life again.

Testimonials

'Our bedroom carpets and kitchen floor look great, thank you for doing such a fantastic job with them!'

'A BIG thank you for the great job done putting our carpets down.'

'Matthew and Garry were lovely and a pleasure to have working in the house. Thank you for a great job.'

'Your home select service was useful and saved us a lot of time and was quick and professional. I always recommend your services to others.'

'Over the last few years we have used M&D for all our flooring jobs and are delighted to recommend them. Every job has been carried out to our complete satisfaction and on time. M&D have been reliable, friendly, efficient and nice to deal with.'
